Schools Get New Bus Bid, \$422 Under 1st North County Due Phone Standard Site To House Unit

The county board of education Saturday accepted a low bid of \$3,273 on GMC bus chassis from Ben Hill Motors after reworking for the equipment following a rubarb over prices last month.

The price was \$422 cheaper than the bid initially accepted from Gulf Chevrolet which was later withdrawn.

Motion to accept Hill's bid on a six-cylinder model after careful perusal of all prices came from Alton D. Keller of Beat 2, seconded by Lugs Necaise of Beat 3. The figure was \$41.43 cheaper than the price quoted by

H. M. Smith of Gulfport on a corresponding international model. Smith offered an eight-cylinder chassis for \$3,394.68, Gulf Chevrolet bid \$3,741 and stipulated that price was subject to change because 1962 models had not yet been fixed, and Pringle Brothers of Biloxi bid \$3,464.02 on a Ford model.

Superintendent of Education K. G. McCarty said he did not expect to get the two new buses until Oct. 1 and cautioned that routes in the north part of the county probably could not be revised until then. He arranged

to check on the scene with Necaise to see what interim arrangements can be worked out.

A proposal by Beat 5 Trustee E. P. Orrie to proceed now with construction of one more classroom in the one-room addition approved at Gulfview School was deferred pending a check by Walter J. Phillips, board attorney, with the attorney-general's office.

The board earlier had accepted the low bid from James Trivira of \$7,890 for one classroom and a faculty lounge-store-room and Orrie said the builder would put up another classroom at the same time for \$4,713 more. He asked if this could be called an emergency situation to enable the board to proceed without seeking new bids. He said he anticipated 40 more students to enroll at Gulfview in January and present facilities would not accommodate them. Keller suggested that if such were the case, state aid might be forthcoming and district funds would not have to foot the bill.

Standard Site To House Unit

North Hancock County is due to get telephone service sometime between July and September of 1962.

That was the goal set by W. E. (Bucky) Moore, state public service commissioner, and F. J. Lundy, Southern Bell district manager, culminating in a many months of planning toward this end.

They disclosed that an agreement has been reached to secure a tract of land in the Standard community to house a new telephone switching unit and Prentiss Scarborough of the engineering department began interviewing prospective customers in the area this week.

Service will be provided in Hancock County by the new exchange north to the Pearl River County line and west to where service now is provided either by the Piquette or Poplarville exchanges. That section of Harrison County lying north of De Lisle and west of Wolf River, Plans are that the new switching unit will connect with the Pass Christian exchange and those receiving service in north Hancock County will be able to dial all subscribers in the Gulfport, Pass Christian and Bay St. Louis exchanges without any toll charges.

The exchange will be part of the Glendale system, according to J. C. Dabney, manager, who said it has not been designated. In the directory it probably will be listed as Standard.

Site of the switching unit, one-quarter mile south of Standard on the Standard-Vidalia road, is expected in the near future. They will be offered one, and eight party line service interviewing prospective customers will take about two to three months.

Cost of the installation, including switching equipment and cables and the like, will be approximately \$200,000.

Industry Survey Needs Authority

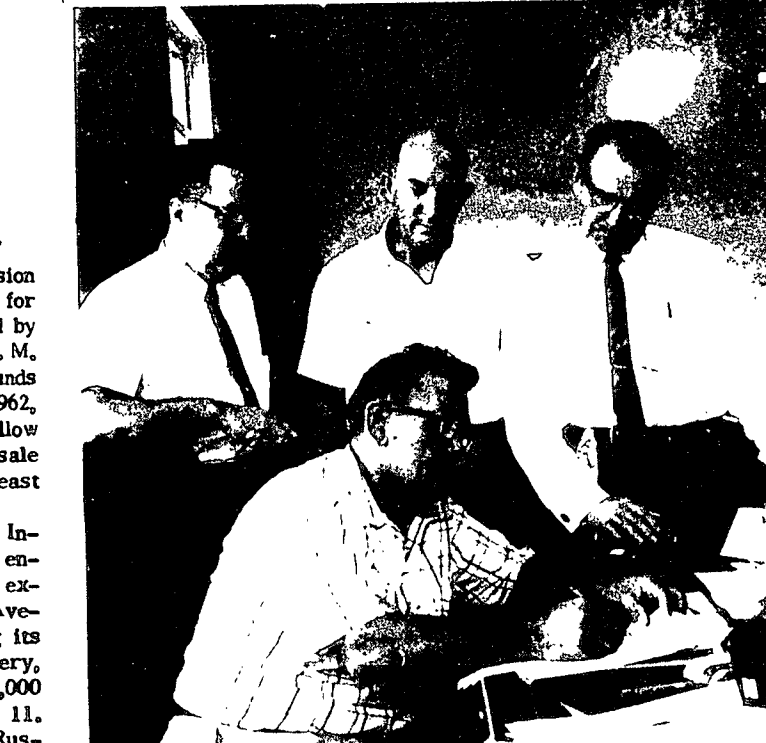

Some enabling legislation will be necessary before the board of supervisors can proceed with any industrial survey of the county, the Bay St. Louis Jaycees were told by the board Monday in response to their plea for such a study.

Norton Haas, Jr., Jayceepresident, presented the resolution which cited local support for industrialization as evidenced by the recent BAWI bond issue, the supervisors' interest in such a program and the boom in the New Orleans and Mobile. It called on the board to provide funds in its new budget for a survey leading to orderly industrial development here.

Lucien M. Gex, board attorney, counseled that the supervisors cannot budget money for "any wild goose chase," asserting that a specific program has to be authorized first. "There is no legal authority to say you can survey for possibilities," he asserted.

Council Moves On Details of Sale of Bonds

Bay St. Louis Commission Council set no date Monday for sale of the bonds authorized by the voters Aug. 12 but on E. M. Brignac's request that the funds be available about Jan. 15, 1962, unofficially agreed that, to allow for administrative details, sale of the bonds should be at least 60 days prior to that date.

VOTE FINALIZED - While Mayor John A. Scaife signs the election commissioners report of the 1,428 to 11 vote Aug. 12 authorizing a \$300,000 BAWI bond issue, City Attorney Dan Russell and Commissioner Warren Traub and Cyril Glover look on.

Hospital Makes First Step to Accreditation

Hancock General Hospital has made its first step toward accreditation, Tom Logue, administrator, announced Wednesday, with the receipt of a membership certificate plaque from the American Hospital Assn.

"Inspectors representing the association recently spent the day checking hospital equipment and facilities and questioning the staff and personnel," Logue explained. "We had to meet with certain qualifications before being considered for membership by the association."

2 Suits Filed In Vehicular Mishaps Here

Two damage suits result from traffic mishaps in Hancock County, seeking a total of \$230,000 were filed in federal court at Biloxi last week.

Mrs. Joyce Jordan Moore, administratrix of the estate of Robert E. Moore, Jr., filed a \$200,000 suit against Christa of Abbeville, Mrs. Moore's Amite County resident, widow of Robert Moore who killed, when his car and operated by the defendant, collided on U. S. 90 at Dunbar Avenue June 12, 1960.

In the other suit, Sidney D. San, seeks \$30,000 damages from Rev. Kevin Reid, a resident of Hancock County and a citizen of Ireland. Doussan alleges he was seriously injured when his car and a car driven by the defendant, collided last Feb. 11, Washington Avenue and Old Highway Trail.

Year Extension On Guard Unit Members' Term

Those men due for discharge from the local National Guard unit between Oct. 1 and June 1962, have been ordered an extension of one year, according to Capt. Irvin S. Kingston, commander of the 134th Light Infantry Battalion here.

Kingston announced Tuesday the receipt of a letter of instruction from Mississippi Adjutant General William P. Wilson, certifying the one year extension and orders to defer the scheduled six months training period of new recruits until after the year.

Kingston also announced he had been directed to accept any and all recruits until September after that to take only those with previous service and those young men who have received their 20th birthday. This will continue from Sept. 1 through Dec. 31 of this year.

Waveland Assessment Up \$34,000

After reducing town assessor O. Dufour's assessment by \$5,000 on requests of property owners, Waveland Town Council approved property assessments totaling \$2,447,735, an increase of \$34,000 over last year. The increase would have been larger but the council had exempted earlier this year certain church owned property.

Dufour's tentative figures were \$382,900 for the 1st Ward, \$763,235 for the 2nd, \$1,066,345 for the 3rd and \$235,255 for the 4th.

Council also approved a \$3,000 building permit in Ward 3.

Some discussion concerned street lights that were not on, probably because of damaged wiring or similar faults, and it was suggested that Mayor Garfield Lader contact Mississippi Power Co. and ask that the town not be charged for electricity when these lights were not burning.

Dedeaux Is Chosen Top Conservation Farmer

Leslie Dedeaux of Sellers community, has been named Hancock County's outstanding Soil Conservation Farmer of 1961.

County Agent, O. O. Swords said Dedeaux was named this week for the annual award sponsored jointly by the Mississippi Wildlife Federation and the Sears-Roebuck Foundation. Dedeaux will compete with top nominees from other counties for one of five regional awards, and from these five regional winners, top conservation farmer for the state will be chosen.

Selection of Dedeaux as tops in the county was based on the conservation job done from July 1, 1960, to last June 30.

Building Starts On Enamel Plant

Cox-Hardy Construction Co. of New Orleans has been awarded the contract to erect the foundation and building for the new enameling plant of Industrial Electric, Inc., on Central Avenue, E. M. Brignac, Jr., assistant vice president of the firm, announced today.

County Bond Sales Within Sight of Goal

July sales of \$11,565 brought Hancock County to within 14.89 per cent of its total achievement in the sale of savings bonds for 1961, according to a July sales report from the U. S. Savings Bonds Division for Mississippi.

Ranking fourth among 11 counties in district 8, Hancock County maintains its place on the Top Twenty honor roll, and boasts sales to date of \$63,834, just \$11,166 short of its \$75,000 1961 quota.

Shower Given for Victim of Blaze

Mrs. Jessie Lucich of Lakeshore was honored Wednesday by Mrs. E. R. Rinehart and daughters, Lois Anne and Darlene, with a surprise personal shower at the Rinehart home. It was given to help replace

many of the personal belongings lost by Mrs. Lucich in a recent fire at her home.

About 20 guests were on hand for the 2:30 p.m. event and were served punch and homemade cake.

No action was taken on a hospitalization insurance plan proposed by Blue Cross or on Powell Glass, Jr.'s, request that if the city was legally responsible, it provide in next year's budget for carrying through to the Mississippi Sound the water now brought by culvert partially through his property.

He estimated it will take about four months to complete the building. The contractor is working with building trades unions in Gulfport which have been asked to use as many of their Hancock County members as possible. Brignac said that materials are being secured from local businesses when possible.

Arrangements remain to be completed for the railroad siding to the plant, plumbing and some other work but as each phase comes off the drawing board work is commenced.

Scoops Lead Summy, Next Game is Friday

By HARRY SHATTUCK
Echo Sports Writer
The Sea Coast Echo Scoops took a one game lead over Summy Wednesday afternoon when they beat Summy 9-3 in the opener of their best two-out-of-three series for the championship of the 13-16 age Little League.

The Scoops scored two runs in the top of the first inning and never trailed. Walks to Ray Chiniche and Harvey Mitchell put runners on first and second with one out, and the bases were loaded when Lonnie Schultz was hit by a pitch. Another walk to pitcher Danny Henry brought in the first run of the game, and Paul Pursley's grounder to second scored the second.

Summy countered with a run in their half of the first. Stevie Kidd singled to left to open the inning, but was caught stealing at second. Walks to Andy Ramage and Sam Allison started the rally again, however, and Ramage crossed the plate after an error.

Reinike, Realty Even

Southern Realty whalloped Reinike's Dirt Dobbers 10-3 Wednesday night to even their best three-out-of-five series for the playoff championship of the Bay Softball League at one game apiece.

O'Neil who formerly occupied the office, the Echo understands, been awarded a fellowship at Tulane University for study of tropical diseases.

Reinike, Realty Even

Southern Realty scored their first three runs in the second. A double by Jim Mayfield, and three errors accounted for the runs. They added three more in the fourth on singles by J. T. Lader, Donald Caldwell, W. J. Cameron, and Wilmer Seymour, a sacrifice fly by Romie Peterson, and an error.

Reinike got fired up in the fifth, however, after being held scoreless by the pitching of Caldwell for four innings. Singles by Bobby Fayard, Billy Rhodes, J. V. Morreale, Buck Kimball, and A. J. Chiniche, doubles by Buddy

Blessed Sweet Hope

When I'm sad and dreary and
When I'm blue
There's no remedy can cure me...
Just a smile from you,
Like a ray of sunshine,
That shines right through my heart
Makes it full of happiness
That never can depart.
Stakes away my troubles
And makes me bright and gay,
Just a little smile upon me
And your own sweet way.

Harbor Happenings

BY RAE COPE
Happy Retirement: One of the first young ladies of New Orleans to enlist in the Naval Reserves in 1917 World War I was Ruth Maher, now Mrs. Alfred Daspit of -- DIEU DONNE -- on Forest Street. She served at the Algiers Naval Station for the duration then entered civilian government service at the Veterans Bureau where she remained until her retirement in 1953. Mr. and Mrs. Daspit love the peaceful, tranquil atmosphere of this perfect retirement spot, Clermont.

Second Street was humming with activity last week -- Rose and Henry McCoy had the Lennards of New Orleans over as guests -- the McCoy family were busy with son E. J. Jr. and Mrs. Jacques' mother, Mrs. Wykle of New Orleans; the John Gohries, sons John and Robert, were enjoying the perfect weather and the Jules Servin family had friends popping in and out Saturday and Sunday... The Odis Dimmiks of Opelousas dropped by on their way home from a Florida vacation to say hello to the Harvards Burleighs.

Mrs. Ben Peterson, who for months has remained near her husband in Marine hospital, reports his condition "about the same." Sons Herbert, Frank and daughter Betty Klein drove over to visit him Monday night. Their daughter and son-in-law, the Norman Heppes of N.O. with their children Norman Jr., Cary and Kathleen are vacationing at the family home on the Boulevard. Winnie Flick Carver and husband Buddy returned to Clermont last week after a vacation at the family home in N.O. where they took in the sights. Their parents, the Roland Flicks, after several weeks in the town are back enjoying the peace and quiet of the country side.

It Happened Here First

The Times-Picayune of last Sunday carried a picture of some Gently Women's Club members who were to start learning how to cover shoes in materials to match their dresses. Years ago our talented and artistic Nettie Burleigh showed me two pairs she had covered to match her dinner gowns. They were beautiful and quite professionally done. The Echo six years ago took a picture of her daughter, Shirley, engaged in covering several pairs of pumps with materials to match her trossau frocks -- last week we were ten years ahead of N.O. news about ball bearing rolling pins -- now it seems we are six years ahead on news about covering shoes to match our frocks.

Mr. and Mrs. Ernest Shiles and family of Wichita, Kan., in a motor swing through Oklahoma, Texas and Louisiana, where they tarried a little too long in N.O. decided to pay a quick surprise call on cousin Mabel McCoy in Clermont. It was -- she wasn't at home -- a helpful neighbor directed them to cousin Frances and Al Volght's Oakland. Frances said her mother was visiting the M. S. Bundy's in Long Beach -- but she wasn't there on their arrival. They found her at the clinic awaiting eye treatment; a deluge prolonged their visit -- but a tight schedule called them homeward when the rain ceased.

Winn Dixie Sales Volume Shows Hike

An increase of 3.69 per cent in sales was recorded by Winn-Dixie Stores during the 52-week period ended July 29, 1961, corresponding with a 52-week period which ended July 30, 1960.

Sales volume totaled \$752,248,089 as compared with \$725,480,077 this time last year, an increase of \$26,768,012.

Sales during the four-week period ended July 29, 1961, totaled \$55,632,558 compared with \$55,080,615 for the four-week period ended July 23, 1960, an increase of \$551,943 or one percent. The difference in dates was caused by the 53-week fiscal year just closed and the calendar adversely affected comparison.

The four teams will all play again Friday night. The fourth game of the championship series will be Monday night and if another game is necessary in the consolation group, it too will be played Monday night. If any fifth games are needed, they will be played either Tuesday or Wednesday of next week.

SHOWS AND SOUNDS ALONG THE WAY - The busy race's love corner - a large town entered jockey was calmly watching grass - along a race job, I've tried to add a very dignified gentleman entered in rain coat, hat and pajama pants playfully strutting down a quiet street, and the hats of crabs along the sea wall - the choice varied from safari helmets to enormous straw hats that all but obscure their wearers' vision - and the monotonous drone of buzz saws as they clear the way for yet more subdivisions. Civilization moves on.
